

# Donations to the Women's and Children's Hospital

## Information for donors

### Second-hand (pre-loved) items

Due to infection control policies, we can no longer accept any second-hand (pre-loved) items. This includes clothes, toys, games, magazines, books etc.

### No beanies

As a result of being overstocked and with limited storage options, beanies will no longer be accepted.

Other knitted items such as teddies, dolls, caterpillars, and animals are still welcome.

For knitting patterns or suitability of other knitted items, please contact Communications (ph: 8161 8348).

### Monetary donations

These are always welcome.

In the temporary absence of the Cashier's Office at the Kermode Entrance, monetary donations can be made by contacting the Finance Department on 8161 6276.

You can advise where you would like your donation to go (e.g. a specific ward or work area) or you can just make a general hospital donation if you wish.

### Food items cannot be accepted

No donations of food or sweets of any kind (this includes baby formula) will be accepted for patients due to hospital-wide policy. If the items are left with us they will be offered to staff.

### Any questions?

If you have any questions about donation suitability, please contact Communications on **8161 8348** (Monday-Friday, 8:30am-4:30pm).
